Opis produktu

Now available, the elegant and comfortable high-heeled shoe. Introducing the TĘGOŚĆ H HALUKSY Pump in size 36. This pump is crafted entirely from soft, navy blue natural leather, with a chic checked pattern. The 7cm high heel provides both style and comfort. Designed with a wider fit, the TĘGOŚĆ H feature ensures a comfortable and secure fit for those who have difficulty finding shoes that accommodate both the length and width of their foot. These pumps are especially recommended for women with wider feet or bunions. The interior of the shoe is lined with a soft leather insole, offering exceptional comfort. The meticulous attention to detail and use of high-quality materials make this pump a must-have addition to your wardrobe. The 9506/6111 model is versatile and can be worn for both everyday occasions and special events. Slip into these pumps for a comfortable and stylish choice this spring and autumn. Please refer to the insole length when selecting your size. The H HALUKSY Pump is meticulously handcrafted from the finest natural leather, featuring both leather lining and upper. Each pair undergoes strict quality control to ensure they are flawlessly finished. The navy blue color represented on this listing may vary slightly depending on your monitor settings, but rest assured the beauty and quality of this shoe will not disappoint. Invest in footwear from a renowned Polish manufacturer that is known for their original designs and exceptional craftsmanship. All shoes offered in our store are brand new, unused, and come with the original packaging. This pair is covered by the manufacturer's warranty, which is valid in Poland. Elevate your style and experience the utmost comfort with the TĘGOŚĆ H HALUKSY Pump.
