Opis produktu

Introducing our latest addition! Męskie szer. XXX 40 skórzane buty, made with the finest quality natural leather. These trendy, lightweight, and comfortable półbuty are perfect for men with wider and higher feet, ensuring optimal walking comfort for those with a sturdy and robust build. The classic design of these leather półbuty guarantees a timeless and elegant look. Available in two colors on the auction, black and black-cherry. When properly cared for, these leather shoes will serve you for years to come. They conform to your feet instead of the other way around, making them feel like a second skin. Offering the highest quality footwear, Tekbut, a renowned Polish manufacturer, seamlessly combines timeless trends with meticulous attention to detail and solid craftsmanship. The shoe sizes and corresponding insole lengths are as follows: - 40: 26.5 cm - 41: 27 cm - 42: 27.5 cm - 43: 28 cm - 44: 28.5 cm - 45: 29 cm The classic design of these shoes makes them suitable for any occasion, whether it's a formal event or a day at the office. The cut and material used in these shoes help reduce foot sweating. The easy-to-maintain material ensures that cleaning and care are hassle-free. These shoes offer not only style but also, and perhaps most importantly, high walking comfort. They feature gel insoles for added comfort and soft finishings that protect the heels. The non-slip sole is an additional advantage. In case the desired size or color is not currently available, the estimated waiting time for order fulfillment is approximately 7 days. Please note that the sizing runs smaller. Before making a purchase, compare the length of the inner insole to ensure the perfect fit. Rest assured, these shoes are built to last, provided they are treated well. All the shoes we offer are brand new, unused, and come in their original packaging. Happy shopping! P.S. The company has recently changed its name from Walker to Tekbut. As a result, the shoe might not feature the Walker logo on the side. However, the quality, durability, comfort, and design remain the same.
